

Lotus Notes Migration Competency

Whether you are migrating Lotus notes based applications to SharePoint based solutions or looking at re-engineering the entire solution into a custom developed .NET solution, Emerio has the tools and resources that you need to make your transition from Lotus Notes as seamless as possible. **Emerio's proven migration methodology simplifies the usually long, complex, and expensive transition.**

Our Value Propositions

Driven by your business objectives and key performance indicators, we strive for continuous improvement of your systems. Our focus is:

- Great customer service with low cost of ownership and uncompromised quality
- Full-range consulting for all phases starting with business strategy followed by IT strategy, IT landscape modeling and all issues around implementation
- Market leading support offering in close co-operation with our technology partners, ensuring reliable system operations over a long period of time
- Client References across Government and Commercial Sectors

The Emerio Edge

- Proven and fine tuned methodology in migrating Lotus Notes Domino based solutions to .NET and Sharepoint
- Experienced and certified Project Managers and developers
- Right shored technology framework
- Expertise in using different tools and products for migration
- Strategic partnership with industry leaders
